 Womersley and Shamley Green  
 C of E Primary School

**Year Group:**  
 Year 2

**Which engineer inspired you?**  
 Simon Chilvers

**What company does your engineer work for?**  
 WSP Parsons Brinckerhoff

Dear Primary Engineers,

This is my design for a voice activated wheelchair. The person sits in the wheelchair and turns it on. You speak into the microphone and give directions. There is a table for food and a drinks holder. I designed this so people who don't have arms can operate without being pushed.

From Georgina
