

# IF YOU WERE AN **ENGINEER,** WHAT WOULD YOU DO?™

**North East England Leaders Award 2018**  
 Winner, Year 6

## THE BIKE WATER CLEANER

#FILTERS

By The filters

Some children need to travel up to 6 hours by foot just to get dirty water. This idea would benefit them because they can travel faster and the water they get will be filtered and cleaned when they ride.

#SAVE LIVES

Thousands have lived with dirty clothes, no one should live with dirty water.

"If you were an Engineer- what would you do?"

# CLEAN-WATER#

WORK-TOGETHER

SAVE KIDS LIVES  
By Raising Some Money.

# SAVE THE WORLD

NO ONE SHOULD LIVE WITH DIRTY WATER!

# YOU COULD SAVE A KIDS LIFE

# Tyne Together 2018

Name:	Liam Joyce	<p>“The Bike Water Cleaner” a bike that holds and filters dirty water as you cycle – this invention would, perhaps, be especially useful in countries with water shortages.</p>
Gender:	Male	
School name:	Redesdale Primary School	
Year group:	Year 6	
Which engineer inspired you?	Bill Brown
