

# IF YOU WERE an **ENGINEER** WHAT WOULD YOU DO?®

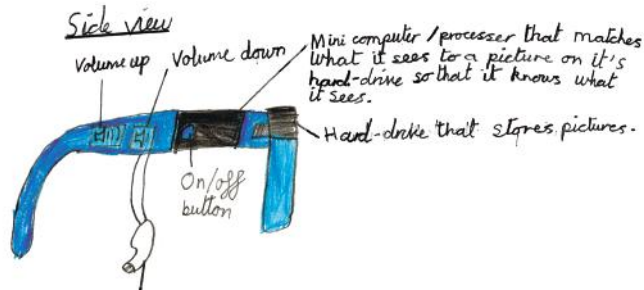

**Burnley Leaders Award 2019**  
**Winner, Year 6**

## Sight to Sound Glasses

### THE SIGHT to SOUND glasses

The sight to sound glasses record and then tell you what they can see, this would help blind people.

Ear piece for listening so that it doesn't play really loud in public.

Name:	Declan Walmsley
Gender:	Male
School name:	Burnley Lowerhouse Junior School
Year group:	Year 6
Which engineer inspired you?	Iulia Motoc
From which company?	University of Kent

The 'Sight to Sound Glasses' are for the blind and have a built-in camera and earphone that scans the room and tells the objects that are in the room.
