

# IF YOU WERE an **ENGINEER** WHAT WOULD YOU DO?®

**Burnley Leaders Award 2019**  
Winner, Year 5

## Air Conditioning Desk

This invention is made by  
a plastic air conditioner built  
into a desk and there is a  
remote on the chair that turns it on.

Name: Millie Dand  
Gender: Female  
School name: St. Stephen's CE Primary  
Year group: Year 5

The '**Air Conditioning Desk**' has two air conditioners that sits at the top two corners of the desk. There is a remote at the back of the chair that alters the temperature.
