

IF YOU WERE an **ENGINEER** WHAT WOULD YOU DO?®

**Central England Leaders Award 2019
Winner, Year 3**

Up-a-Lid

When you want to open the lid of a glue stick you can just press the button and the glue stick just opens! But the lid stays on the glue stick by a string so that you don't lose the lid

Name:	Mati Gos
Gender:	Male
School name:	St. Gregory's Catholic Primary School (Northampton)
Year group:	Year 3

The "Up-A-Lid" enables users to merely press a button to open a glue stick – but, don't worry, you will not lose the lid because it is attached by string!
