

IF YOU WERE an **ENGINEER** What WOULD YOU DO?®

**Greater Manchester Leaders Award 2019
 Winner, Year 6**

The T.E.K. Cell

T RACK
E NCAPSULATE
K ILL

Name:	Eesa Chariwala
Gender:	Male
School name:	Bolton Junior Boys' School
Year group:	Year 6
Which engineer inspired you?	K Richards
From which company?	Mercedes

'The T.E.K. (Track Encapsulate Kill) Cell' is a tiny ingenious device is introduced into the body to locate a tumour and is then joined by similar cell-size devices to encapsulate the unwanted growth. The TEK cells then inject saline into the tumour to dehydrate and terminate it.
