

IF YOU WERE an ENGINEER

WHAT WOULD YOU DO?®

Greater Manchester Leaders Award 2019
Winner, Year 12

Emergency Locator Light

Name: Nitin Babu
Gender: Male
School name: Rochdale Sixth Form College
Year group: Year 12
Which engineer inspired you? Abdullah Dar
From which company? University of Manchester

'The Emergency Locator Light' This invention focused on helping people who are the victims of natural disasters utilises a range of mechanical methods of generating electricity to power a light. This could be though air cannisters, pedal power or other methods – As long as the mechanism can be moved electricity can be generated.
