

# IF YOU WERE an **ENGINEER** WHAT WOULD YOU DO?®

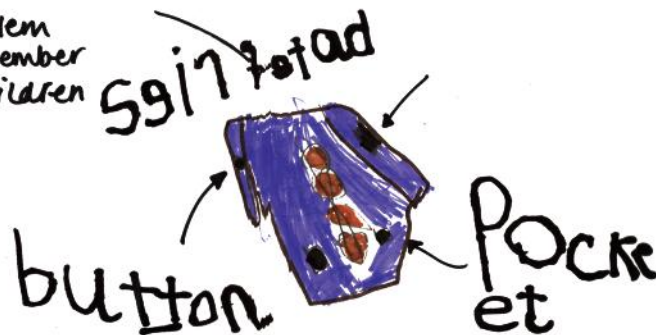

**Lancashire Leaders Award 2019**  
Winner, EYFS

## A Super Warming Up Coat

Declan  
Age 4

A SUPER WARMING UP COAT  
with warming pockets ☺

This is Declan's invention.  
He says it solves the problem  
of Mummy having to remember  
her gloves with three children  
and having cold hands!!

Name:	Declan Stamp
Gender:	Male
School name:	St. Andrews C of E Primary School
Year group:	EYFS

The '**Super Warming Up Coat**' Sometimes people forget to bring their gloves so they become cold. With this design, the pockets in the coat can be heated. There is a power button on the arm which turns on the heater. It is powered by batteries.
