

IF YOU WERE an **ENGINEER** What WOULD YOU DO?®

South England Leaders Award 2019
Winner, Reception

Auto Ramp

*Christian designed
Auto ramp to cross
the gaps between the
train and station.
They would help everyone
but the elderly and
disabled most.*

Name:	Christian Leib
Gender:	Male
School name:	Solent Infant School
Year group:	Reception
Which engineer inspired you?	Mr Wademan
From which company?	Kiwi Design

The '**Auto Ramp**' is used to cross the gaps between the train and the station. It helps to protect people from getting injured, particularly the elderly and disabled.
