 Gender: Female  
 School name: Chelmsford County High School  
 Year group: Year 10  
 Which engineer inspired you? Mr D Crane  
 From which company? BAE SYSTEMS

'Tutum' is to help lower the risk of being injured in a knife crime. It is a replica of a knife, but is based on viscosity of liquid and force in the handle. When the speed of the knife matches that used in an attack, the blade will fall out.
