

IF YOU WERE an **ENGINEER** WHAT WOULD YOU DO?®

**South West England Leaders Award 2019
Winner, Year 6**

Christ Church Primary

Water Powered Car!

This car is ideal for people that hate pollution. This also stops people getting ill. It has a water tank which is easy to use. You simply fill a bucket with water, and then slowly pour it in.

By: Mae Campbell

Name:	Mae Campbell
Gender:	Female
School name:	Christ Church School
Year group:	Year 6
Which engineer inspired you?	Rob Mitchell
From which company?	Dyson

The '**Water Powered Car**' is water powered to help alleviate emissions which can be harmful. The vehicle will not release any harmful gases and will not contribute to global warming or climate change.
