

IF YOU WERE an **ENGINEER** What WOULD YOU DO?®

**North East England Leaders Award 2019
Winner, Year 1**

Space Dough

Name: Caden W
Gender: Male
School name: Seaburn Dene Primary School
Year group: Year 1

Isn't it inconvenient when you put something down in a spaceship and zero gravity causes it float away from where you left it? Let Space Dough solve that problem. This safe to handle substance will stick to all surfaces and anchor those necessary items that you need to stay in one place in all zero-gravity situations.
