

# IF YOU WERE an **ENGINEER** What WOULD YOU DO?®

**North East England Leaders Award 2019  
Winner, Reception**

## Glow In The Dark Glasses

**Name:** Poppy Charlton  
**Gender:** Female  
**School name:** Newcastle High School for Girls Junior School  
**Year group:** Reception  
**Which engineer inspired you?** Louise Shaw  
**From which company?** trains\_engineer\_europe

If you usually fumble around in the dark to find your glasses here is a solution to the problem. The Glow in the Dark glasses holder is an invention which stores your glasses safely and conveniently in an illuminated low-light holder which is easy for any glasses wearer to locate in the dark.
