

IF YOU WERE an **ENGINEER** What WOULD YOU DO?[®]

Tees Valley Leaders Award 2019
Winner, Reception

Bouncy Balls

These are balls instead of feet and hands so that if anybody pushed me over I can bounce back up!

Name:	Archie Wise
Gender:	Male
School name:	Eskdale Academy
Year group:	Reception
Which engineer inspired you?	Liam Weatherill
From which company?	Primary Engineer

'Bouncy Balls' are Ball shaped gloves and shoes to enable the wearer to bounce back up if pushed over or having fallen. This would be good for older people or those that fall or a pushed over a lot.
